

Company Overview

Success is never a guess. It is always The Plan

The Plan Consulting Group (TPCG) is a full service strategic management, marketing and consulting firm that specializes in strategy development, cost reduction, revenue expansion and program execution.

Our Perspective

At TPCG, we strive to help our clients understand the challenges they face, and more importantly, to understand the options they have to improve their situation. By having reliable information and a clear view to the possibilities, educated decisions can be made that have a high profitability of success.

The foundation of our practice and service lines are to help our clients fully understand their existing situation and the best possible course of action to achieve their objectives. In the development and deployment of action planning to achieve these goals, key performance indicators (KPI's) must be defined and tracked, as these are drivers that ensure success.

Our Objective

To leverage our market knowledge and experience to generate a competitive advantage for our clients. Our deliverables are designed to drive owner equity and the ability to realize the value of that asset. Our business model is built on a performance based platform intended to align our services and the application of our intellectual property with the motivation of our client.
